

Dear Dr. Henney,

I am writing to express my concern over the FDA's regulation of genetically engineered (GE) food. I request that the agency's current policies be changed, and I support all the points in docket #00P-1211\CP1

20c
stamp
please

☒ All GE foods should be labeled so I am informed and have a choice.

☒ GE foods should not be assumed to be "generally recognized as safe" and should have mandatory pre-market safety testing to determine the long-term impacts to human health and the environment.

Commissioner Jane Henney

Docket No. 00P-1211\CP1

FDA Dockets Management Branch
(HFA-305)

5630 Fishers Lane, Room 1061
Rockville MD 20852

(Additional Personal Comments:)

Please put the onus of labeling on the producers that choose to use GE food technology, rather than on small manufacturers and the consumer! Thank you.
